

Project 2.4
Let's Add Ads!

[Yi Li]
[7/14/2026]

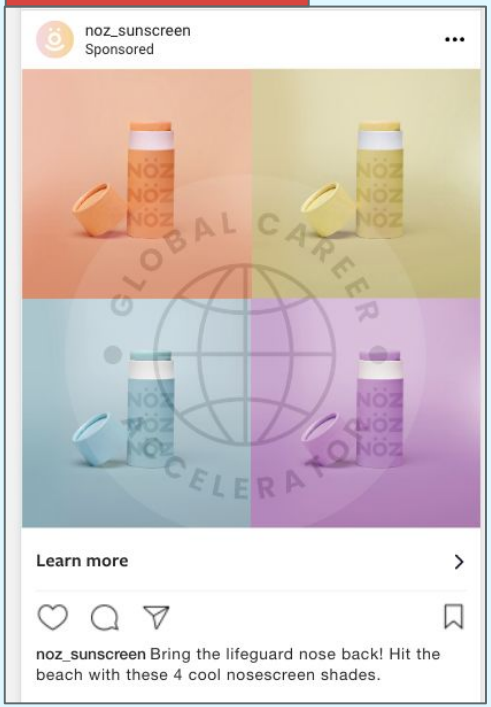

The content in this project is for the Noz brand.

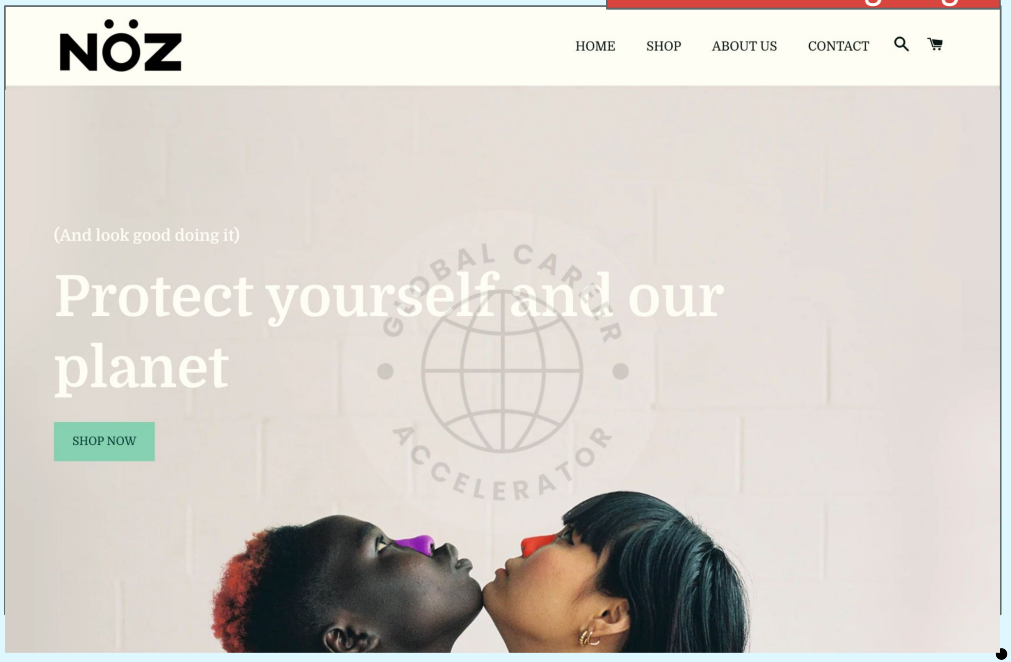

Ad Creative for Feedback

Nöz will run the Instagram ad campaign with a conversion/sales objective targeting people who engaged with Nöz's Facebook page in the last 180 days and live in London, UK. The ad will take a customer directly to the Nöz landing page pictured on the right.

Landing Page

NÖZ

Provide Feedback on Ad Creative (from previous slide)

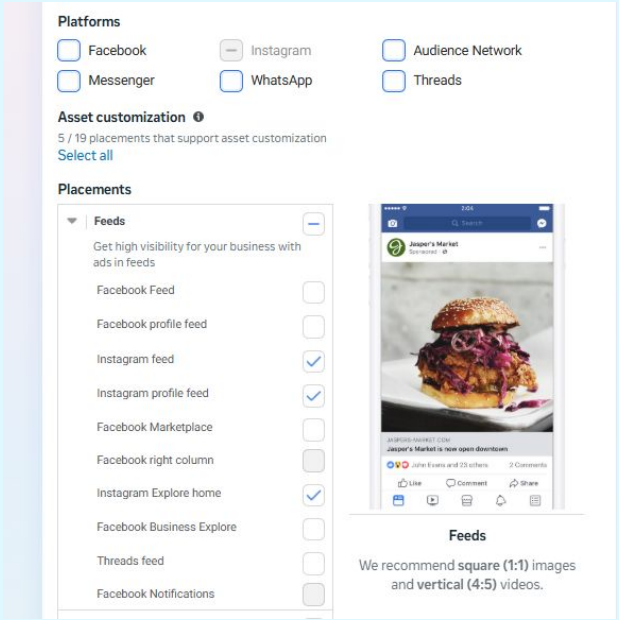

Criteria	Feedback
Is the ad relevant to the audience we're targeting?	[yes]
Is the ad highlighting the product?	[maybe]
Does the text support the visual?	[maybe]
Does the landing page align with the ad?	[no]
Does the ad follow brand guidelines?	[no]

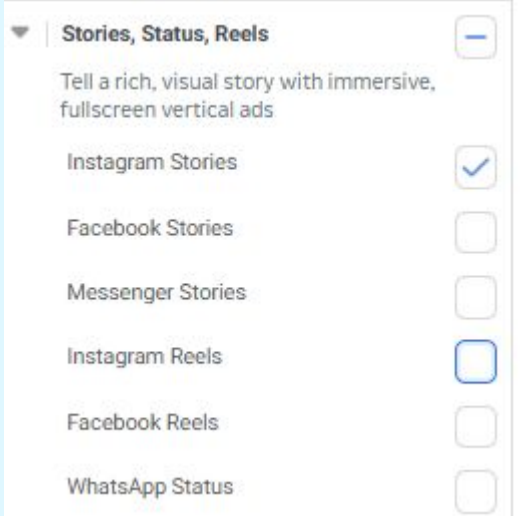

Change 1 & Why: Add a clearer product-focused headline and value proposition (e.g., "Protect Your Skin with Sustainable Sunscreen"). The current caption ("Bring the lifeguard nose back!") is playful but doesn't immediately communicate the product's main benefit, which could improve conversion.

Change 2 & Why: Make the landing page hero match the ad by featuring the same colorful sunscreen products above the fold. The ad showcases the sunscreen tubes, while the landing page focuses primarily on lifestyle imagery, creating a slight disconnect that may reduce continuity and conversions.

NÖZ

Program Placements

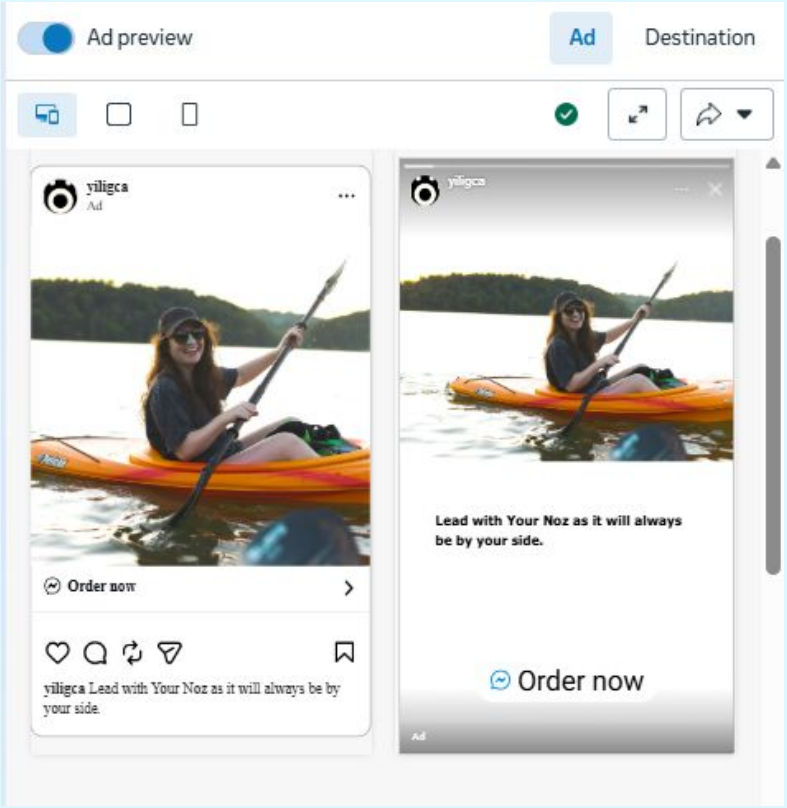

Program Interest-Based Ad Creative

Headline: Travel with Your Nose

Primary text: Lead with Your Noz as it will always be by your side.
CTA: Order now

Program Retargeting Ad Creative

Headline: Don’t leave your nose alone

Primary text: Lead with Your Noz as it will always be by your side.

CTA: Learn more
