The content for this project is for the Nöz brand.

Google Slides Customer Empathy Map: [Mary the Mom]

Says

"I love my kids."

"That's so much diapers!!!"

"Children are rough on the environment."

"Sweetie, please don't litter."

Thinks

Is this environment and kid friendly?

Would my kids like this?

Other parents make it so easy.

Am I a good mom?

Does

Shop at eco-friendly businesses

Teach her kids about being eco-friendly

Research products online before buying

Meal plans to reduce waste

Feels

Concern the kids won't like the product

Concern the product isn't safe for the environment

Other parents make it so easy

Anxious about if she's doing enough for the planet

Pains

- Kids don't like the eco-friendly products she buys.
- Being an eco-friendly mom is so much work!
- Finding a trustworthy product, what is really eco-friendly.
- Environment-friendly products prices could be hard to work with.

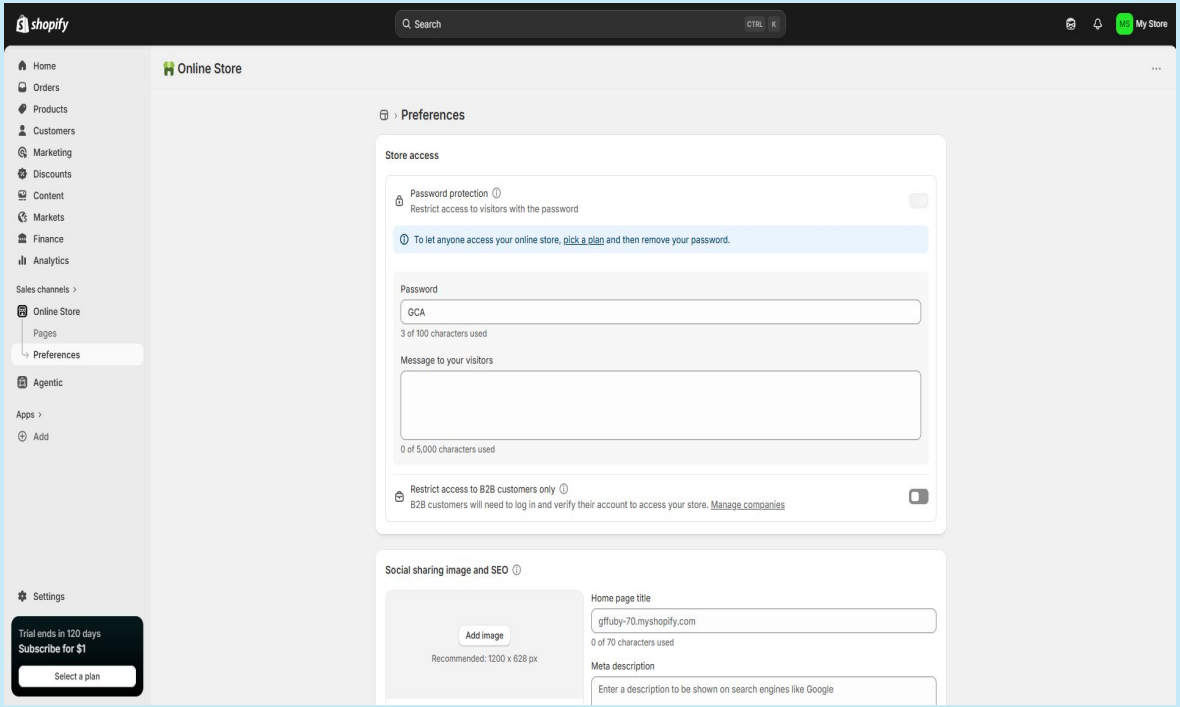

Gains

- Kids are loving the products.
- Has spare time to do whatever else she wants/need.
- Helping the environment without sacrificing family wellbeing.
- Setting an example for her kids to carry into adulthood.
